

Themes and Recommendations from [Community Input](#), WSCUC Standard 1 Event

1. Embed inclusion, integrity, shared governance, and accountability into clear, measurable mission and values statements supported by transparent communication and equity-centered metrics.
2. Strengthen the University's mission by emphasizing student advancement, retention, achievement, and societal impact, positioning faculty and staff as co-stewards of student success.
3. Affirm academic freedom, civil discourse, and respectful debate as core institutional values and provide community-wide education on the rights and responsibilities they entail.
4. Align SJSU's mission execution with CSU frameworks through clarified policy development, governance communication audits, and resource planning processes that ensure sustainability and mission-driven investment.
5. Redesign mission and values statements to be shorter, memorable, and measurable, supported by a structured assessment framework and a simplified organizing model..
