## Examples of Authentic Assessment

---

Authentic assessments are designed to capture student learning and knowledge in significant and meaningful ways. Educators can support their students in becoming more active participants in their learning by providing them with opportunities to demonstrate their learning through meaningful and engaging tasks. Authentic assessments present students with problems for consideration that are applicable to the field or discipline of study.

Examples:

- 1) Action research projects (other forms of research)
- 2) Debates
- 3) Dissections
- 4) Experiments
- 5) Manuscript development
- 6) Performances/Recitals
- 7) Ad Creation
- 8) Marketing campaigns
- 9) Portfolios
- 10) Self-Assessment
- 11) Exhibitions
- 12) Essays/Op-Ed
- 13) Blogs
- 14) Photovoice project
- 15) Podcast
