# Experience as a member

- We come to college to get an education, however to get a job, just our degree isn't enough, you also need some sort of experience
- AIESEC helps with this in two different ways
  - International Internship & Volunteering opportunities
  - Helping people go on these international internships

## Being in AIESEC = Experience of working in a real Business

- Our main goal is related to sales, trying to sell the AIESEC experience of going on an international internship/volunteering opportunity
- We have many different committees to make this happen that you can work in and get real experience
  - Outgoing Exchange (Sales)
  - Marketing
  - Finance
  - Member Experience (HR & Management)

### Find your full potential

Our intense, team-based experiences will provide you personal and professional skills in an environment that empowers you to grow.

### Gain life-long connections

By joining AIESEC, you become one of 40,000+ members across the world. Connect with like-minded young people who are as passionate about global issues as you are.

### Make your impact on the world

As an AIESEC member, your actions have a direct impact on the people around you. From impacting your teammates, to driving change in your communities, the opportunities to shape the world are endless and entirely up to you.
