Course Requirements and Assignments

SJSU classes are designed such that in order to be successful, it is expected that students will spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in University Policy S12-3 at <http://www.sjsu.edu/senate/docs/S12-3.pdf>.

- There are four components to your grade: three exams (50%), quizzes/class activities (20%), a presentation (10%), and three homework assignments (20%).
- The exams will be a mix of short answer and multiple-choice questions. The first two shorter exams will be on **9/19 and 10/24**. The exams will focus on material covered since the previous exam and are worth 15% each. The final exam is on **December 14 between 12:15 and 2:30pm**. The final exam is comprehensive and worth 20%.
- There will be about 25 in class quizzes and activities. Only the 15 highest scores will count toward your final grade. The scores after the 15th quiz will be extra credit for a potential max of 3 points added to your overall final grade. **No makeup quizzes.**
- Students will make a five-minute presentation in class. The presentation will discuss aspects of the course material regarding a firm of the student's choice. Estimated dates: 12/5 and 12/10
- There will be three homework assignments. The assignments will be due a week before each of the exams: **9/12, 10/17, and 12/5**. I will drop the lowest score out of the three.

Grading Information

Corresponding letter grades will be assigned as follows:

For this class, all assignments are to be completed by the individual student unless otherwise specified. If you would like to include your assignment or any material you have submitted, or plan to submit for another class, please note that SJSU's Academic Policy S07-2 requires approval of instructors.
