To the best of my knowledge this is accurate, however, due to the change with the SAMMY app I cannot see the majority of our registered events so this is based entirely on memory and our own recordkeeping. Additionally, the lack of chapter fundraising/community service events is not a mistake. The \$9450.15 that we fundraised this last semester was all gained during our philanthropy week, this was the only time we fundraised. And, there were no organized, chapter-wide community service events this last semester, all hours were worked individually or in small groups.
