Amol Godbole

PROBLEM OF UNEMPLOYMENT

❖ The unemployment statistics: 7% Globally; 9% in US; 14% in Europe.

(<http://www.tradingeconomics.com/united-states/unemployment-rate>)

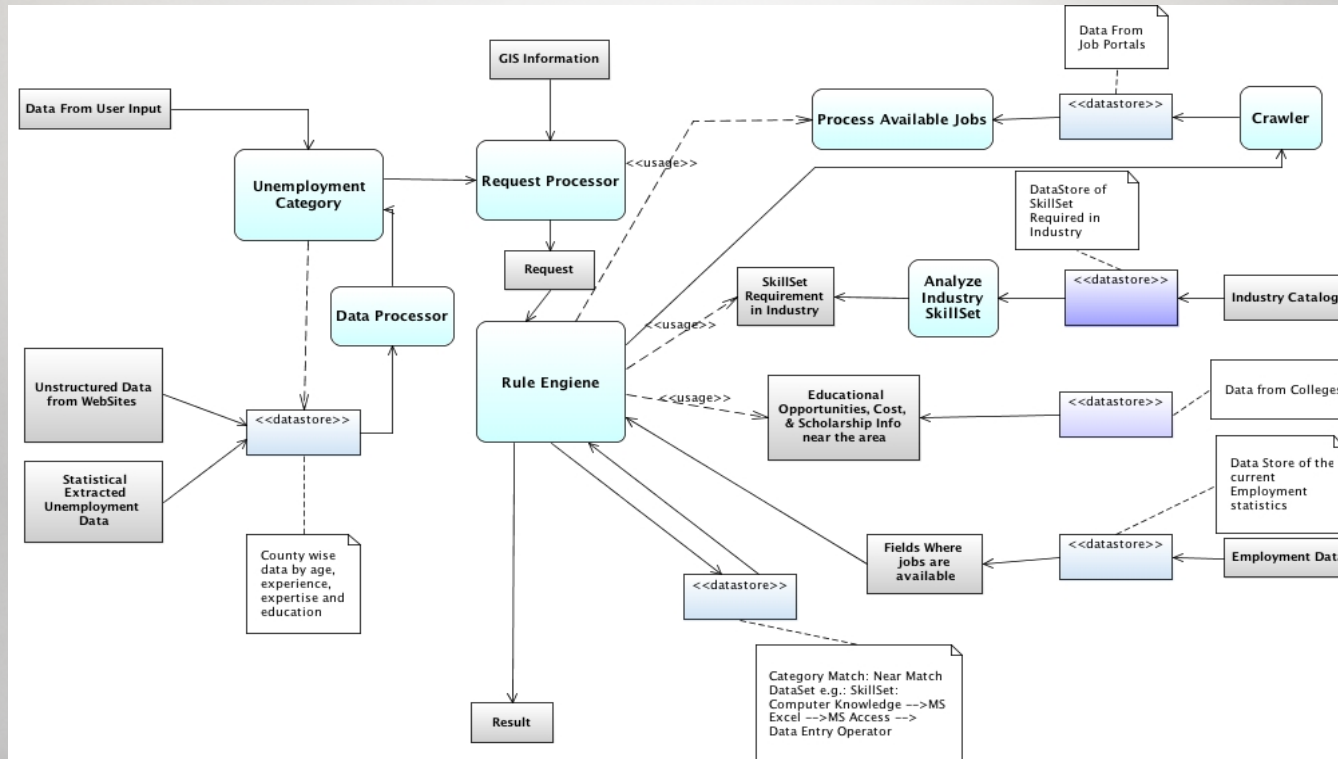

❖ Changing phase of Global Economy since Recession in early 2008

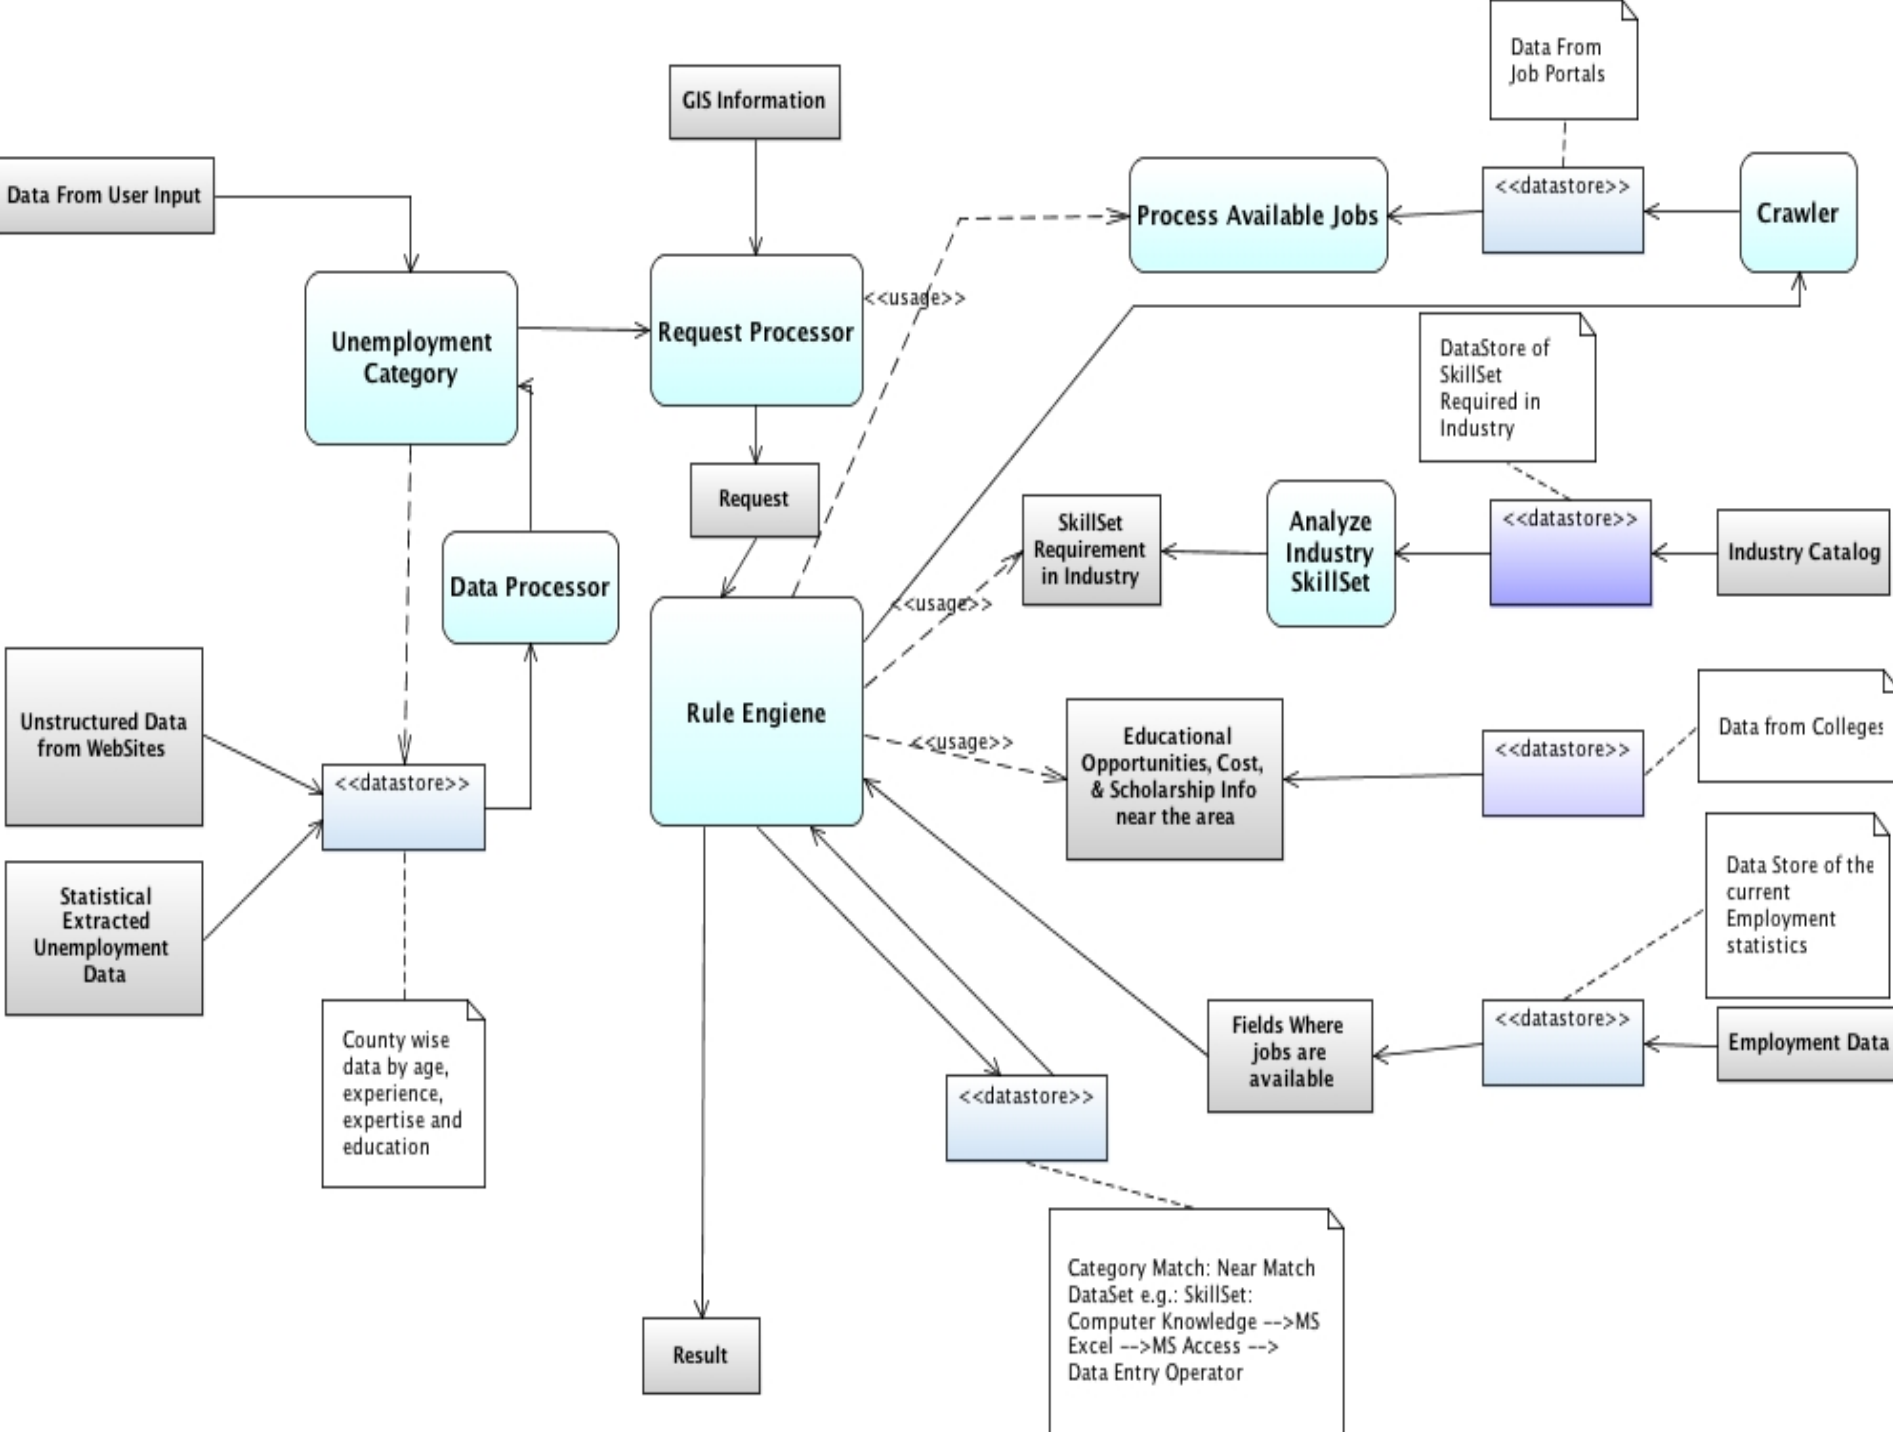

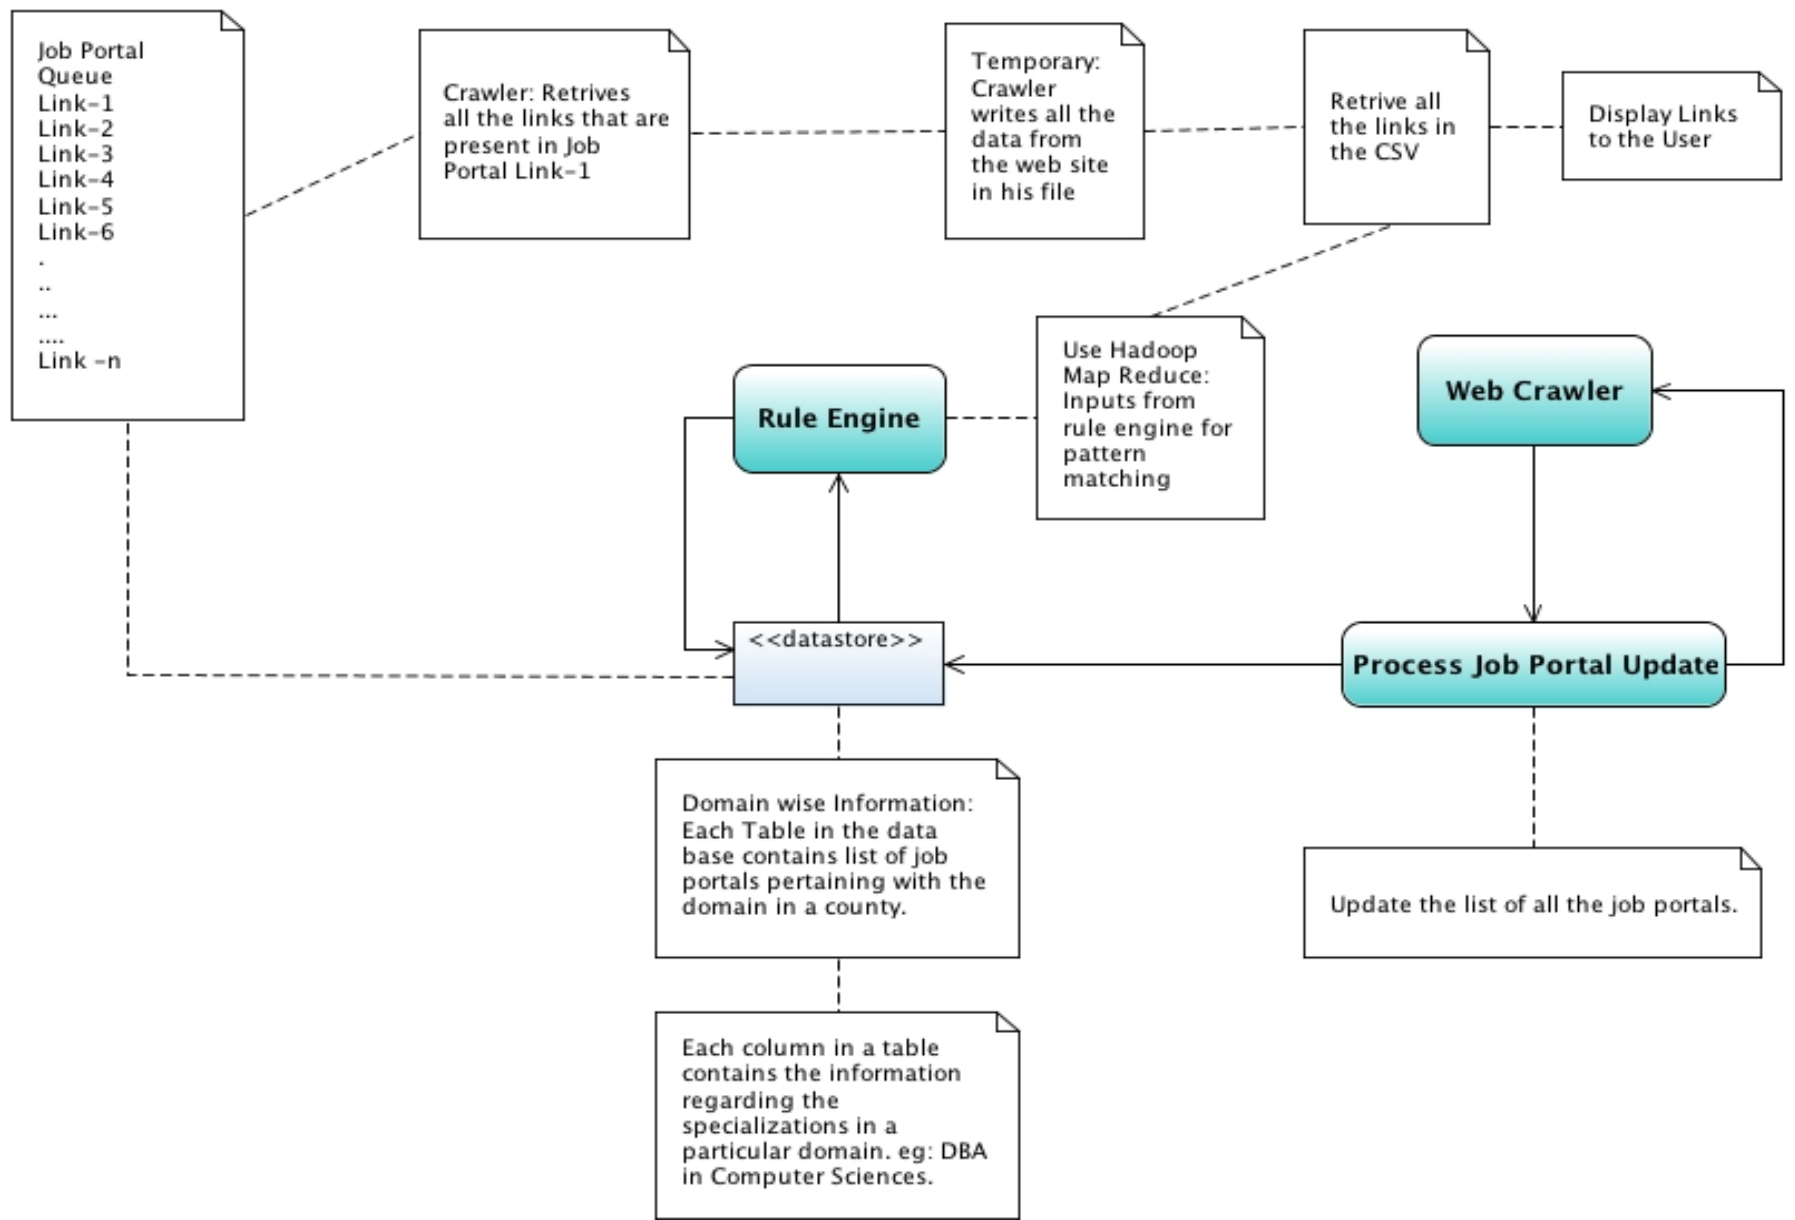

DATA ANALYTICS

❖ Data Analytics is a science of examining raw data available in any form, (as in structured, semi-structured, or unstructured data) process the data to draw meaningful conclusions.
