at the Fourth Street Garage

**Are you an entrepreneur or technology company
interested in protecting your intellectual property
(IP)?**

Join our Silicon Valley SBDC event, in collaboration
with the United States Patent and Trademark Office
(USPTO) to learn about the different types of patents,
including utility, design, and plant.

In this module addresses important considerations
when filing a U.S. patent application including both
provisional and non-provisional type utility applica-
tions. The content and format of both application
types will be discussed, also addressing the neces-
sary USPTO forms and fees, which accompany a
filing. The unique nature of patent claim drafting will
also be touched upon during this session.
