Class Days/Time:

- Mondays - In-Person (Face-to-Face) Meeting 1:30PM - 2:45PM
- Wednesdays - Asynchronous Online
- Classroom: SH 230

Contacting Me

Email is the best and quickest method of communication outside class for this course. I check my email often and will respond within 24 hours during weekdays. I generally do not respond to emails on the weekend unless it is an urgent situation.

- When you email me, it is helpful for you to include the course title in the subject line. I teach several classes and I may have difficulty remembering what course you are in, especially at the beginning of the semester. This is optional with Canvas messages.
- Please feel free to schedule an appointment to meet me in my office when you have additional questions or need help.

The next best method of contacting me is via mobile text number, which is provided above.

You may try calling me on the telephone, but if you need to leave a message, indicate who you are and how to contact you, as well as specifying the class you are taking from me.

Office Hours

By appointment, please. Advance notice via email is preferred to give me time to put in interpreter request.

Course Description and Requisites

* Classroom Protocols

Attendance / Participation

“Participation in class activities is crucial to your success in this class. The class forms a small community and your effort or lack of impacts the success of the group. Please make every effort to come to every class with homework done and ready to learn and participate. If you know you will be absent from class make arrangements for a classmate to take notes and collect handouts for you.”
(Excerpt from Signing Naturally American Sign Language Curriculum)

Classroom Conduct

I will always be respectful and considerate of my students' needs, and I expect to be afforded the same courtesy. However, if I find a student or students engaging in distracting or disruptive classroom behavior that hinders other students' opportunity to learn, I will have to ask the student(s) in question to take a break outside the classroom, and return when ready to focus on course content.

Tardiness

1. Be on time for class. Late entrances can cause disruptions/distractions.
2. It is especially important to be on time for scheduled examinations/activities. Late arrivals may miss a significant if not entire part of the examination or activity. This can negatively affect your scores.

Mobile and other electronic devices

Unless you are asked to use your device during a class activity, please make sure your devices are turned off or in silent mode during class time. You can check your device outside the classroom especially in an emergency.

Program Information

LCOE Department of Special Education Mission

We prepare candidates to be transformative leaders in the field, and lifelong learners who respond to racism, ableism, bigotry, and prejudice in their schools and communities. To this end, we center anti-racist and anti-ableist policies and practices in our teaching, research, and service to disrupt systemic racism that has historically prevented full inclusion and equity for students with disabilities including our BIPOC (Black, Indigenous, People of Color) students, staff, and faculty. We engage culturally sustaining pedagogies and the principles of UDL in our coursework and fieldwork, partnering with our local districts to push for the success of students with disabilities in inclusive settings.

LCOE Department of Special Education Program Learning Outcomes

- **PLO 1** Assess and identify the educational needs and strengths of students with disabilities from diverse socioeconomic, cultural and linguistic backgrounds.
- **PLO 2** Critically evaluate pedagogy, curricula and instructional materials grounded in quality indicators of evidence-based practices for students with disabilities.
- **PLO 3** Plan, design, implement, and monitor linguistically and culturally appropriate instruction that meets the unique needs of students with disabilities.
- **PLO 4** Apply knowledge of the purpose, characteristics, and appropriate use of different types of assessments used for special education eligibility, placement, and service selection.
- **PLO 5** Utilize research-based knowledge and theoretical, conceptual and evidence-based practices related to individuals with disabilities to improve services and instruction in the field.

Course Requirements and Assignments

Course Format

For the Fall of 2025 this hybrid class meets in person at the designated class time in Sweeney Hall 230 each week on Mondays except holidays. The rest of the course is completed asynchronously online.

Unless otherwise notified, we will not meet on Zoom this semester.

Except for the required workbook, all course materials such as the syllabus, videos, quizzes, assignments, and guidelines are to be found on the course site in Canvas. You are responsible for regularly checking our course site in [Canvas](http://sjsu.instructure.com) [http://sjsu.instructure.com] as well as messages via Canvas or SJSU email to stay on track and learn of any updates.

Classroom Instruction Method

EDSE 115 students are not expected to possess knowledge of sign language. However, the Deaf instructor will conduct the class in American Sign Language and voice interpreting is provided in each session. It is crucial to understand that interpreters do not serve in the capacity of instructors. Rather, interpreters are provided to facilitate communication between the instructor and the students.

Therefore, please address the instructor in the second-person point of view (e.g. "can *you* please help me?"), not in the third-person (e.g. "can *he* please help me?"). Likewise, the instructor will address the students directly through interpreters.

Participation (40%)

In order to do well in this course, regular class participation is expected. Each student should be prepared to assimilate new information through lectures, presentations, etc. as well as sharing research findings and individual experiences. Students are expected to engage in discussions and to collaborate with one another when prompted, while being respectful and inclusive of others who have different ideas and/or abilities. I will recommend/suggest attendance at an event or events relating to Deaf culture issues, depending on event schedule/availability during the course semester. One of the important aspects of Deaf culture is communication and face-to-face interaction, and the instructor strives to simulate this aspect in classroom setting.

Participation

On Mondays (face-to-face and/or online):

1. **Course Text Prompt Response (1.5 pt. each):** Respond to the weekly prompt by the instructor. The written response should be in the length of a paragraph (four sentences minimum). You also will have the opportunity to share your personal experience when applicable.

On Thursdays (online only):

1. **Chapter reflection/discussion (1.5 pt. each).** For each assigned chapter students reflect on any parts of the chapter personally deemed important/noteworthy. A reflection does not necessarily encapsulate the whole chapter. Each Thursday student is expected to upload their chapter reflection to Canvas (by 11:59PM).

Miscellaneous activities: During the course of the semester, I will also assign various activities both in person and in Canvas to further engage with the learned content to cover the remaining points.

Cultural Film Reports (18%)

Each student will be assigned to watch three Deaf culture films over the course of the semester (see dates in the schedule section below). Students each will write one report per film and submit it via Canvas. The report should be a page in length, double-spaced, 12-point Times New Roman. 6 points each, 18 points total.

You will be asked to rent/watch the following films on your time.

For first report, choose one: **What?** (2021) or **No Ordinary Hero: The SuperDeafy Movie** (2013)

Second report: **Deaf President Now!** (2025)

Third report: **Audism Unveiled** (2008)

Deaf Culture Topic Presentation (8%)

This presentation comprises the first part of the Final Deaf Culture Poster Project. You will record and submit via Canvas a preliminary "verbal" presentation in either audio or video format, or both, on the topic you selected for the project to help expand my understanding of the topic through your perspective. This assignment is worth 8 points. Each presentation should be no more than 4 minutes long. No slides or other visual aids are needed, as those will be included in the Poster Project.

Final Deaf Culture Poster Project (10%)

Each student will select a topic from instructor-compiled list, or come up with unique one. The topic can be about one of the following: 1) A notable person (living or passed) in the Deaf community, 2) An important event in Deaf history, or 3) An important issue related to a core value of Deaf culture. There will be one person/event/issue per student, with no overlaps.

The Poster Project is essentially a visual summary of your topic presentation. For this poster project, give detailed information (and images) about the selected topic.

Create a digital poster or slides to give detailed information, including images (and video clips if desired) about the selected topic. We will submit to Canvas Discussion to share with the class.

Your creativity is most strongly encouraged! You will have an opportunity to very briefly share one favorite/best thing about your poster.

As for how much information to include on your poster, I simply ask that the content be at least equivalent to what could be fit on one side of a standard 22-by-28-inch cardboard poster.

Final Deaf Culture Poster Project is worth a maximum of 10 points.

Examinations: Midterm and Final (24%)

A midterm and a final quiz will be administered online in Canvas. These quizzes are composed of multiple choice, fill-in-blanks, and essay questions. They will be based on the course text, selected articles, and lectures. A study guideline will be provided prior to each quiz. Please refer to the course schedule at the end of the syllabus for examination dates. 12 points per quiz.
