Course Information

Course Format: Hybrid

This course will adopt a hybrid format, with instruction delivered in traditional lecture format and asynchronous sessions. Students will need access to a computer or tablet device with reliable internet connectivity. If you do nothave such a device, there are resources on campus that you can use. Be sure to plan to use these resourcesfrequently to keep up with the pace of the course.

Computer labs for student use are available in the <u>Academic Success Center</u> (http://www.sjsu.edu/at/asc) locatedon the 1st floor of Clark Hall and in the Associated Students Lab on the 2nd floor of the Student Union. Computers are also available in the Martin Luther King Library.

Canvas Learning Management System

All course materials (announcements, syllabus, handouts, assignment instructions, lecture videos, etc.) will be available on Canvas. You are responsible for regularly checking both Canvas and your SJSU email (the one that ends with "@sjsu.edu") to learn of any updates. For Canvas support, please review the Canvas Student Resources(http://www.sjsu.edu/at/ec/canvas/student_resources_new/index.html).

Technology Requirements

All written work must be turned in using Microsoft Office Word (or Excel, for the Research Matrix). The Microsoft Office Suite if available for free from the university. If you do not have Microsoft Office on your computer, please refer to Information Technology Services (http://its.sjsu.edu/services/software/microsoftstudents/index.html) for information on how to download the software on your device.

🔲 Course Description and Requisites

Review of existing scholarship in special education and appropriate design of an action research project.

Prerequisite(s): Department consent.

Note(s): This course satisfies graduate-level GWAR in this master's program.

Letter Graded

* Classroom Protocols

Class Expectations

1. Make efforts to...

- 1. "Ask 3 before me" by (1) consulting your syllabus, (2) consulting your CANVAS announcements and emails, or (3) consulting a class peer BEFORE asking the professor.
- 2. Turn in assignments on time. I use a 48-hour rule. If you require an extension for an assignment, I need a <u>written request 48 hours before it is due</u>. Only exceptions include <u>emergencies</u> (e.g., illnesses, accidents, family emergencies).
- 3. Respect your professor and your peers! Differences of opinions and/or perspectives are going to be a part of our time together.
- 4. Practice self-care. There will be moments of seriousness, laughter, and discomfort that occur during our class. Be mindful of when you may need to step away, take a breath, and then return. Also note that we will be using a *brave* space rather than *safe* space approach.
- 5. We operate on a space of **TRUST**. I trust that you will take breaks when you need them or let me know that the class needs a break. I trust that you will keep yourselves fed or that we can set up communal snacks. I trust that you respect the classroom space and will keep it clean.

Program Information

LCOE Department of Special Education Mission

We prepare candidates to be transformative leaders in the field, and lifelong learners who respond to racism, ableism, bigotry, and prejudice in their schools and communities. To this end, we center anti-racist and anti-ableist policies and practices in our teaching, research, and service to disrupt systemic racism that has historically prevented full inclusion and equity for students with disabilities including our BIPOC (Black, Indigenous, People of Color) students, staff, and faculty. We engage culturally sustaining pedagogies and the principles of UDL in our coursework and fieldwork, partnering with our local districts to push for the success of students with disabilities in inclusive settings.

LCOE Department of Special Education Program Learning Outcomes

- PLO 1 Assess and identify the educational needs and strengths of students with disabilities from diverse socioeconomic, cultural and linguistic backgrounds.
- PLO 2 Critically evaluate pedagogy, curricula and instructional materials grounded in quality indicators
 of evidence-based practices for students with disabilities.
- PLO 3 Plan, design, implement, and monitor linguistically and culturally appropriate instruction that meets the unique needs of students with disabilities.
- PLO 4 Apply knowledge of the purpose, characteristics, and appropriate use of different types of assessments used for special education eligibility, placement, and service selection.
- PLO 5 Utilize research-based knowledge and theoretical, conceptual and evidence-based practices
 related to individuals with disabilities to improve services and instruction in the field.

Course Goals

Course Goals

This course is designed as a supervised study in the field of special education. At the core of the course is a commitment to professional excellence and fostering inclusive, culturally sustaining, democratic principles of education for students with disabilities. Graduate students in this master's program, as professional educators, must be able to make informed and effective decisions, promote asset framed practices and respect and value difference across the intersections of disability, race, culture, language, gender, sexuality, and class. We expect that graduate students will be well prepared in understanding conceptual and theoretical frameworks that underly special education and disability as well as effective practices that meet the individual needs of all learners. Graduate students will develop leadership skills and act as change agents in schools for students with disabilities, families and other educational stakeholders.

As the first of three courses in the Master's in Special Education program, this course will provide graduate students with an overview of (a) action research in special education, (b) current research and theory in the field of special education, and (c) the knowledge and skills to effectively set up an action research project with appropriate attention to the existing scholarship in the field of special education.

Program Learning Outcomes (PLO):

PLO 5: Utilize research-based knowledge and theoretical, conceptual and evidence-based practices related to individuals with disabilities to improve services and instruction in the field (TPE 3)

Course Learning Outcomes (CLO)

To support students' development of the skills required to demonstrate mastery in the PLOs above, this course willtarget the following CLOs. By the end of the semester, students will be able to:

1. Demonstrate knowledge of how to search for and review literature related to questions ofteaching practices for students with disabilities

- 2. Interpret, apply, and disseminate current and emerging research, theory, legislation, policy, and practice for students with disabilities
- 3. Discuss the organization and processes of instruction in programs serving individuals with disabilities
- 4. Review, critically analyze and synthesize research as a part of reflecting on one's practice and commitment to equity and social justice in the classroom.
- 5. Develop and apply academic writing style to compose an action research project.
- 6. Apply APA 7th Edition standards when writing literature reviews, professional critiques and Use APA 7th Edition formatting including double spaced, Times New Roman 12 pt, one-inch margins.

University Policies

Per <u>University Policy S16-9</u>, relevant information to all courses, such as academic integrity, accommodations, dropping and adding, consent for recording of class, etc. is available on Office of Graduate and Undergraduate Programs' <u>Syllabus Information web page</u> at http://www.sjsu.edu/gup/syllabusinfo/. Make sure to visit this page, review and be familiar with these university policies and resources.

Writing Support

Please make use of the writing support available through the university. Resources available on campus include:

- <u>LCOE Writing</u>
 <u>Tutor(http://www.sjsu.edu/education/students/Writing%20Tutor%20Summer%202017.pdf)</u>
- SJSU Writing Center (http://www.sjsedu/writingcenter/)

Course Requirements and Assignments

APA 7th Edition formatting must be used for all report components, including Times New Roman Font, 12-point, double spaced, one-inch margins.

Assignment Name	Description	Point Total
5 references of articles	Provide an APA reference for 5 empirical research articles you will use in your literature review	10

Annotated Bibliography-Empirical Research	You will select a total of 5 research articles around a topic of your interest related to disability and special education. These 5 articles should be empirical , can utilize any methods, but should be current 2015-2025 . You will provide a citation using APA 7 th Edition for the articles, followed by a brief one-paragraph description of the article focus, research question(s), method(s), and important findings/implications. A second paragraph will include your own reflections of the articles and how they relate to your own project. <i>Used to incorporate into the Literature Review Section</i>	10 points
Introduction	You will generate a 2-3-page paper that describes your teaching experiences that relate to your inquiry project, your problem of practice statement and initial question (see full guidelines below).	10 points
Conceptual Framework	You will include a 1–2-page paper on the framework you have chosen, highlighting the articles you described in the annotated bibliography for this section and then how this framework informs your method/action-inquiry approach.	10 points
Literature Review	Using the empirical annotated bibliography that you generated for class, you will develop a 5–10-page (max) literature review. The review will include 2-3 key areas or themes that you take away from the empirical studies and provide a summary of these articles followed by a link to how they inform your project (see full guidelines below).	10 points
Methods	You will generate a 2–4-page paper that describes your research context and inquiry design (Parts 1 & 2). This will also include a 1-page plan for data collection and analysis (Parts 3 & 4) that you will complete the written part for in your second course.	10 points

Final Paper	You will combine all of the written paper documents into one final project document for this course. Each section will be submitted separately for a grade and the final grade will be the total of these sections. It is your responsibility to incorporate feedback on subsections that you receive from your instructor so that the final action research paper has the most up-to-date changes.	20
Classroom Participation Points	Includes group presentations, group activity, peer editing, and quick writes	20
TOTAL CLASS POINTS		100 Points
